

YUKON – KOYUKUK
SCHOOL DISTRICT CTE

Heating Service Repair Instructor

YKSD is seeking proposals for a heating service repair instructor to provide comprehensive training for our students. The objective of this solicitation is to equip our students with the necessary skills and knowledge in heating system repair and maintenance, preparing them for potential careers in the heating services industry.

Scope of Work: The selected heating service repair instructor will be responsible for delivering hands-on training and theoretical instruction to students at various school sites within the district. The scope of work should include, but not be limited to, the following:

- Providing in-depth training on heating system repair techniques and best practices.
- Demonstrating troubleshooting methods for diagnosing heating system issues.
- Teaching preventive maintenance procedures to ensure optimal system performance.
- Fostering a safe learning environment for students to gain practical experience.
- Assisting students in developing problem-solving and critical thinking skills.

Proposal Requirements:

Interested instructors should submit proposals that address the following:

- Overview of the instructor's background and experience in heating service repair.
- Demonstrated ability to teach and effectively communicate heating system concepts to students.
- Description of the training approach, including hands-on activities and theoretical instruction.
- Proposed curriculum outline and topics to be covered during the training program.
- Availability and willingness to provide training at various school sites within the district.
- Breakdown of the instructor's fee and any necessary teaching materials.

Proposal Submission: Please submit proposals to cte@yksd.com.
